=====

02. Haeng bok ha gil ba rae

You cried as you saw a different place in these eyes  
Then because I hated you so much  
I followed suit too

I tore you apart from my longing  
It hurts me and it kills me  
But I hope you're happier with my love

Ah~ ah~ ah~ Ah~~~~...

If you look back to the hard times  
You'll see that I'm always there  
I left there completely  
Because of your tears

You are alone in the space I left  
The thing was that we couldn't be together  
These days I love you so much  
That's become the reason for not being able to go

I tore you apart from my longing  
It hurts me and it kills me  
But I hope you're happier with my love

I hope you're happier,  
I hope you're happy.....

04. EungGeubShil - Emergency Room? - Izi

I am regretting it  
That day we quarreled  
Because of my stupid pride  
I said we should end it

I knew how it looked right now  
But I hoped you'd find me  
Yet several days pass  
Without any news at all

Because you are always so good to me  
I hardly seem to think about it  
But now I know that because of my stubbornness  
I made things hard for you

\*CHORUS\*

This fool, it's not the truth!  
You still don't understand me  
I've never been in love before  
You are my first love  
Please don't leave me

Someday you'll see my side of it  
I don't know how to thank you  
I didn't know any better and did as I liked  
Can't you forgive me?

\* Repeat

You're the only one I love  
Don't go and take this away from me  
Don't ditch me, just hug me  
Come back and love me again..

-----

05. mi an hae ya ha neun geo ni - as one

Are you sorry? Are you sorry I love you  
I know my love has made you suffer  
But I still can't let you go  
Cry a little more but forgive me

\*It's not. It can't be, even if i hide my tears you have forgotten  
we did together~ it hurt but we were still happy  
you always talked to me  
If you can't erase, now i really want to love you

-----

06. SarangHaeyo - Kim Hyung Sup

I've come to love you about this much  
And a little more from your embrace  
If you were to leave me like this  
You know how my heart would break..

**\*CHORUS\***

I love you, I'll start again  
You may be hard on me, but  
I love my friend  
It has to be you  
Our love had already been decided by fate

It was so hard for you that you cried  
Now I'll repay you with all of myself  
That smile of yours gives me joy  
Now I look that way too

I love you, only you  
You may be hard on me, but  
I love you, it has to be you  
Let's just forget everything and be happy..

\* Repeat
